

HIDE-n-SEEK

1. **Work with a partner.**
2. **You need objects to match your focus / just right number, and a bowl or butter tub.**
3. **Cover your eyes while your partner turns the bowl upside down, hides some of the objects under the bowl, and puts the rest on the top of the bowl.**
4. **When he gives you the all-clear signal, you name the amount on top and the number underneath.**
5. **Your partner shows you how many were underneath to see if you are right.**
6. **Say: "There are _____ on top and _____ underneath. This makes _____." (focus number)**
7. **Switch roles with your partner.**
8. **Make as many combinations as you can with your "focus number."**
